roof structure

# UNIVERSAL STAND BY FOODBIKE®

A MOBILE CART

THAT WORKS FOR YOUR BRAND

---

This sales cart is a modern, mobile solution created for food events, trade shows, and brand promotions in urban spaces.

It combines lightness, functionality, and aesthetics — making it easy to adapt to different industries: from gastronomy and sampling to direct marketing.

The universal **Foodbike®** sales stand was designed for food events, trade fairs, and city promotions. It's a lightweight, mobile, and agile solution that allows you to create a professional sales or promotional point anywhere. Thanks to its compact dimensions, solid aluminum structure, and full branding options, the stand becomes not only a working tool but also an attractive brand carrier.

## UNIVERSAL STAND BY FOODBIKE®

Possible modifications of the stand include both changes to materials and adjustment of the structure's dimensions in accordance with the provided guidelines. The aluminum construction and modular design described in the offer allow for flexible adaptation of the project to specific applications and individual customer needs. Customization may include, among others, changes to the enclosure size, adjustment of the working height, expansion of storage space, modification of the countertop type, or full material and visual customization (RAL colors, advertising film, full wrapping). The service of preparing such an individual modification is free of charge when ordering a minimum of 5 units of a given model.

# UNIVERSAL STAND BY FOODBIKE®

## EQUIPMENT TAILORED TO YOUR NEEDS

We personalize each cart with any graphic design. It's perfect as a mobile, compact company booth, coffee stand, waffle station, cocktail bar, or giveaway point. The sliding roof can also serve as additional advertising space. The minimalist and elegant design fits perfectly with premium events.

### Possible uses of the stand:

- ✓ Mobile café (coffee, tea, lemonade)
- ✓ Waffle, pancake, or ice cream stand
- ✓ Event bar (alcohol, drinks, cocktails)
- ✓ Product sampling and tasting
- ✓ Promotional booth (flyers, gadgets, marketing materials)

The aluminum structure ensures low weight and high durability. All surfaces are powder-coated according to the **RAL palette**. The wheels are equipped with **brakes**, ensuring stability during operation.

Under the countertop, there's an ergonomic, spacious **storage compartment** with lockable doors. The **folding canopy** protects the surface and accessories during transport.

# TECHNICAL SPECIFICATION

## INTERIOR

The internal space of the cart is monolithic, meaning there are no internal partitions, providing a large usable area. Access is possible from two sides or from one side (depending on the version) via lockable doors, ensuring the security of stored products and convenient operation.

The cart floor is made of durable chequered aluminum, which increases resistance to damage and makes cleaning easier. This construction enhances both functionality and aesthetics during the sale and presentation of products.

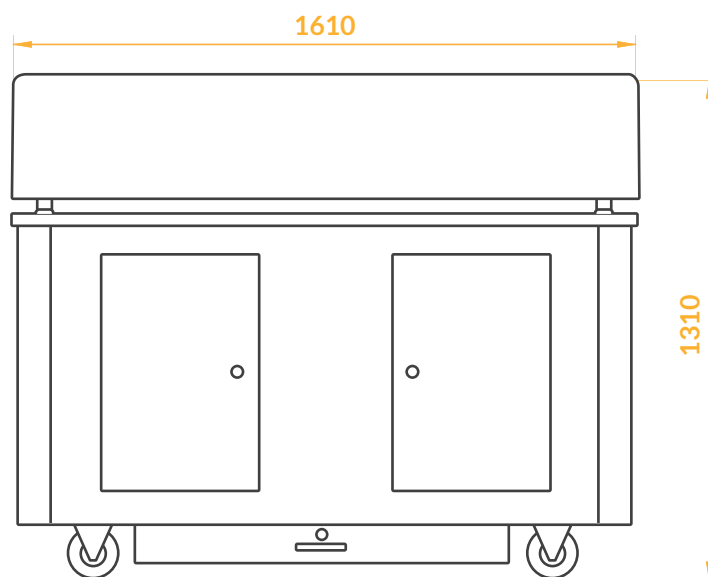

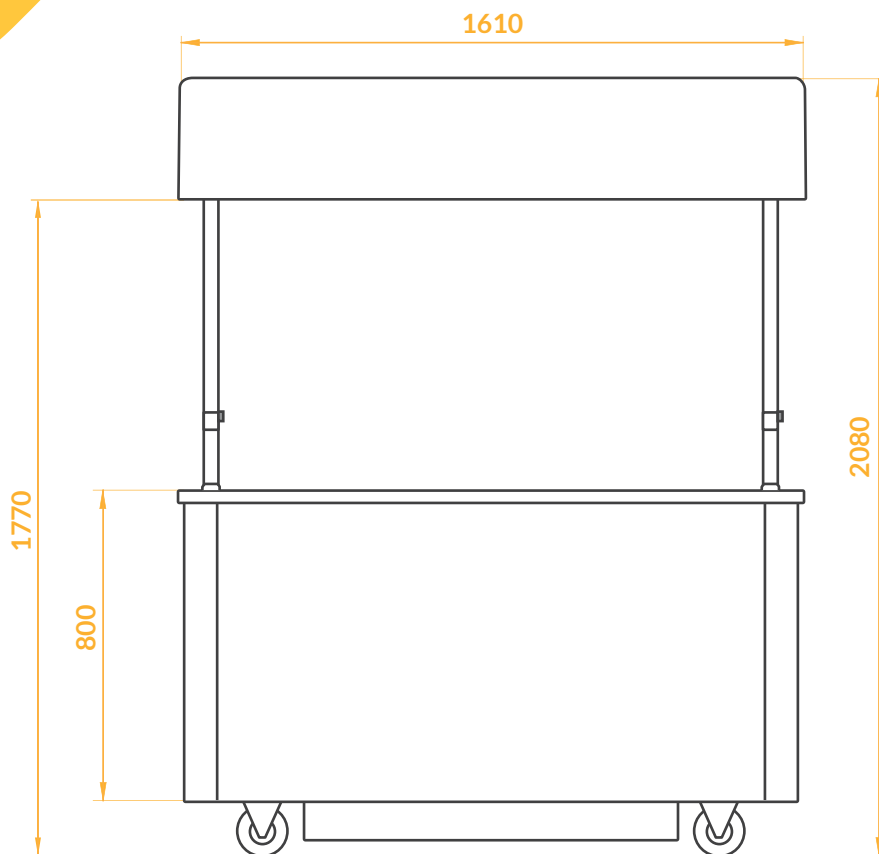

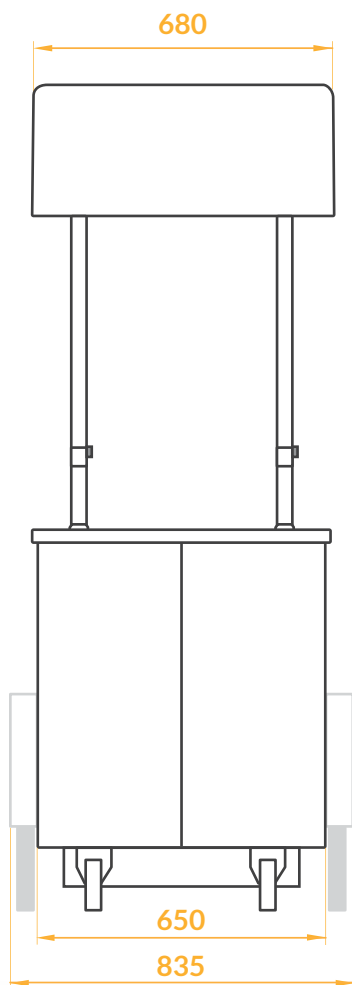

Compact,  
comfortable  
and durable  
workstation.

## STAND DIMENSIONS [mm]

Below is a schematic  
of the stand's dimensions.  
The adjustable canopy  
allows for convenient  
transport and protects  
the countertop.

- Durable exhibition stand that fits everything you need

## CONVENIENT EXHIBITION STAND EVERYTHING YOU NEED – IN ONE MOBILE FORM.

Trade fairs are a great opportunity to present your company in the best possible way. A mobile stand helps promote your brand while being practical to use. The cart features a large internal storage area for marketing materials and necessary equipment. If needed, we can equip it with its own power supply. The body and canopy offer a large advertising surface for your branding.

Coffee stands and other custom-profiled catering stations are our specialty. They work perfectly as an attractive addition to various types of events and help attract a wider audience. Their key advantage is reusability—they can be used repeatedly for different occasions and in different locations. It is also worth noting that Foodbike® stands are exceptionally durable and lightweight, as they are made of aluminum. We use professional catering equipment, ready for operation immediately after setup.

A versatile stand that lets you create thematic spaces for your employees.

## ENHANCE YOUR WORK ENVIRONMENT WITH AESTHETIC, THEMATIC STANDS

Socializing over coffee, fruit, or snacks during breaks improves workplace comfort and employee satisfaction. An aesthetic, themed stand can hold everything needed to serve drinks, fruit, or even more complex snacks. We provide durable, high-quality equipment suitable for self-service or staffed use.

### EXAMPLES OF USE:

#### COFFEE STAND

Freshly ground, aromatic coffee that keeps everyone energized throughout the day.

#### FRUIT STAND

Boosts employee well-being and promotes healthy lifestyle habits in your company.

#### SWEET STAND

Perfect for employees with a sweet tooth — croissants, pastries, or cake to brighten the workday.

#### DRINK STAND

Hydration made easy — ideal for serving lemonade or chilled drinks, especially in summer.

The wheeled stand can be easily moved and used daily or for special occasions — such as guest visits, conferences, or events. We customize carts according to your needs, including for warm meals. If you have an idea, we'll make it happen.

- Brand promotion through a specialized stand

## PROMOTIONAL STAND

ADVERTISING, SAMPLING,  
COUPONS, BRAND AWARENESS

Building brand recognition is one of the most effective ways to increase sales. If you're launching a new product or entering a new market, investing in a convenient promotional stand can help establish your presence. Samples, coupons, flyers — everything fits inside. We can also include power sources, lighting, and custom features

## INDEPENDENT PROMOTIONAL POINT

We'll design a promotional booth for you that works independently — indoors or outdoors. It's ideal for openings, seasonal promotions, birthdays, holidays, or marketing campaigns.

Sell comfortably  
and attractively  
from a mobile,  
modern station

## **SALES STAND**

A MOBILE POINT  
THAT GIVES YOU FLEXIBILITY

A sales stand means convenience for the vendor. Its spacious storage holds product stock and equipment. Thanks to robust materials, it's suitable for long-term use. Swivel wheels ensure easy transport, and the body with canopy offers large branding surfaces. If you have an idea – we'll make it happen.

## **CREATE WITH US THE STAND YOU NEED**

We design and manufacture mobile sales and catering vehicles, adapting them to each client's needs. If you're looking for inspiration, we provide ready-made, proven solutions. Sales stands are the perfect combination of flexibility and aesthetics for your business.
